Warranty

The Ford Motor Company warrants all such parts of new Ford automobiles, trucks and chassis, except tires, (see warranty below covering tires manufactured by Ford Motor Company) for a period of ninety (90) days from the date of original delivery to the purchaser of each new Ford vehicle or before such vehicle has been driven 4,000 miles, whichever event shall first occur, as shall, under normal use and service, appear to it to have been defective in workmanship or material. This warranty shall be limited to shipment, to the purchaser without charge, except for transportation, of the part or parts intended to replace those acknowledged by the Ford Motor Company to be defective. The Ford Motor Company cannot, however, and does not accept any responsibility in connection with any of its automobiles, trucks or chassis when they have been altered outside of its own factories or branch plants. If the purchaser shall use or allow to be used in the automobile, truck or chassis, parts not made or supplied by the Ford Motor Company, then this warranty shall become void. The Ford Motor Company does not undertake responsibility to any purchaser of its products for any undertaking, representation or warranty made by dealers selling its products, beyond those herein expressed.

The Ford Motor Company reserves the right to make changes in design and changes or improvements upon its product without imposing any obligation upon itself to install the same upon its products theretofore manufactured.

Tire Warranty

Every tire manufactured by the Ford Motor Company and bearing its name and serial number is warranted by it to be free from defects in workmanship and material, without limit as to time or mileage, and to give satisfactory service under normal operating conditions. If Ford Motor Company's examination shows that any tire has failed under the terms of this warranty, it will at its option either repair the tire or make an allowance on the purchase of a new tire.

PROPER CARE OF VEHICLE BY OWNER

Your new Ford has been properly inspected and prepared for delivery. Its continued efficiency as well as its economy in operation, however, depends largely upon the care it receives. Systematic attention to lubrication, regular inspection, and necessary mechanical adjustments by an Authorized Ford Dealer will usually result in greatest satisfaction.

300 and 1,000 MILE INSPECTIONS and SERVICE

All purchasers of new Ford units are entitled, without extra charge except for engine oil, to inspections and service at 300 miles and at 1,000 miles. These services are enumerated on the two coupons attached to this policy.

In the event you are on an extended trip at time either the 300 mile or 1,000 mile services are due, any Authorized Ford Dealer may handle on the basis of a $1.50 charge plus cost of oil. We, the selling dealer, will reimburse you for this amount upon your presentation of your receipted bill from the servicing dealer, together with the corresponding coupon from this policy.

INSTALLATION OF PARTS FURNISHED UNDER WARRANTY

Should the replacement of parts become necessary under the warranty, we will handle without any charge for the parts or for the labor required to replace them.

Should you change your residence to a distant locality or be touring at time any replacement becomes necessary that is subject to the warranty, and it is an impossibility for us to serve you, a nearby Ford Dealer may handle the replacement at no charge for the parts or for the labor to replace them when the vehicle is brought to his shop.

PREVENTATIVE MAINTENANCE

Regular lubrication and inspections form the basis of preventative maintenance. We suggest your purchase of an "Owner's Service Certificate", which will provide ten lubrications and inspections at each 1,000 miles or once each month, whichever occurs first, as described in your Reference Book. At the time of these lubrication and inspection services, our Service Department will advise you of any adjustments they find, that might result in your inconvenience at a later date, if not attended to promptly.
